

to live by the truth until they are prepared to enter into an exaltation. How long will they live here? No matter if they live as long as Methuselah lived, if they commence that moral reform required in their lives. Those who have been in the habit of swearing, swear no more. Never use the name of the Deity without his authority. If we are in the habit of telling that which is not true, learn to speak the truth. If we speak evil of our neighbors, cease to speak evil. Covet not that which is not our own. Keep the Ten Commandments, and then go on until we are perfect, loving our neighbor more than we love ourselves, imparting to all that kind fellow feeling, that we can take those who are in this poor and stricken condition of life, and raise them, that they may come up and possess the fruits of the earth, and enjoy all that we can enjoy in raiment, food and possessions. Raise our own horses, our own food, and let everyone be a producer, and then we can with a good grace, be consumers. Infringe upon no one. Instead of making any poorer, make all wealthy.

A few words upon the minerals found in our mountains. We have had a great many men examining among the mountains, and through the plateaus and ranges in the south. The whole scientific world, a few years ago, would have pledged their reputation that there was not any mineral in the sandstone range along the Rio Virgin River. Now they are finding it in many places. A great many have told me that there was no mineral there, but it is now found in various parts of the southern portion of this Territory. What can I say about it? The Lord, in Isaiah, says, "For brass I will bring gold, and for iron I will bring silver, and for wood brass, and for stones iron."

I can attribute it to no other agency than the power of God diffusing it in these mountains. I will refer it to the scientific world. You may as well take a piece of wood and say that it shall become a piece of sandstone, as to say that you will find silver in sandstone. Did you ever know sandstone to become a petrification. It is hard to say where it will not be found, now that it is found in the barks of petrified trees. It is no matter, the Lord is managing all this, and he does just as he pleases with regard to the treasures of the earth, and we may look for them, but if we are not to find them, they will be hid. When God says to his agents, remove this gold, this silver, this copper, it will be done. You do not understand this philosophy, but I do. And my philosophy outreaches the philosophy of men that study books. I have said enough with regard to the minerals of the earth.

I see a man grow up from the infant stage to be a scholar, and by and by he has an empire, and can give laws to the people, that can equalize them, and bring them to a state of happiness and excellency, and give them all the advantages that man can possess upon the earth, and make every man happy and comfortable. This is the work that we have upon our hands. Teach the people the faith of the Gospel. Teach them what God is, and what His work is, and that there never was a time such as many of our philosophers speak of, who drift back and back, and come to this theory and that theory, and go back, and back to the time when we were all reptiles. When was there a time when there was not a God? But, say they, there must have been a time. Then you declare to me, do you, that there was a time when there was no time. And this is the philosophy of a great
