

hands of the servants of God, we have the testimony of many witnesses that those bones were brought together, making a noise like the crushing of a basket and were placed in their proper form; and the individuals were restored to health and soundness. Could any herbs, or mineral, or physicians have accomplished this? No. Who did accomplish this? The Lord Jesus Christ, through his servants, by the laying on of hands, according to his commandment. Did he do it according to law? Yes; for all his works are carried on, according to certain laws which he has ordained; and if we had the same wisdom that he has, we could see the workings of

the Holy Spirit upon the bones that are broken; we could see the circulation of that spirit in bringing those bones together; we could see the action of that spirit in relieving the optic nerve, so as to impart sight to the eye. If we could see the workings of that spirit, and then understand by what power it works, these things would not be a miracle to us. God has no limit to these laws that are called the laws of nature. He has an infinite number of laws; and he can work according to any of them, which are suitably adapted to the circumstances, so as to bring about his righteous purposes and wise designs according to his own good will and pleasure. Amen.
