

**REPORTS CONCERNING THE SAINTS, THEIR  
PROSPERITY THE RESULT OF PRAYER AND  
FAITHFULNESS, ETC.**

REMARKS BY PRESIDENT GEORGE Q. CANNON, DELIVERED AT HOOPERVILLE, MONDAY,  
JUNE 27, 1881.

REPORTED BY GEO. F. GIBBS.

It affords me great pleasure to travel as we are now doing. It is a number of years since I had the opportunity of thus traveling in this county, visiting the people in the various settlements, and witnessing the changes and improvements which have taken place, which indicate the growth and development of the people.

It is only a few years ago that our enemies, in speaking of us, said, that we were a miserable, decrepit, weakly, dying-out people. They described us as very poor, miserable-looking creatures, all bearing the impress of our polygamic practices upon our faces; and our children as being weakly, with poor intellect, etc. And this description of us went the rounds of the press, and was believed in by a great many. And some people were so credulous that they supposed that as soon as they came into a "Mormon" city they could easily tell the "Mormon" women by the sad, depressed expression of the countenances which they wore. For a few years this idea prevailed, having been voiced by the press generally; and lecturers, in speaking about us, dwelt upon this peculiarity. Of late, however, the tone has changed, and instead of entertaining the idea that we are about to die out, the feeling concerning us

is one of fear, lest we should spread out and take possession of the surrounding country.

It has been the case for many years, in fact, from the beginning, that our Elders have been proclaiming to the world that we are a growing people, and predicting that God has a great destiny in store for the Latter-day Saints; that "the kingdom and dominion, and the greatness of the kingdom under the whole heaven, shall be given to the people of the saints of the most High," etc. And this and other predictions of a like import were testified to by the Elders of this Church wherever they went; but the people generally, who heard our brethren preach such doctrine, were reluctant to believe it, and did not believe it, in fact. Of late, however, there has been a great change; people who have all the time looked upon the "Mormons" as a lot of fanatics, whose race could not be otherwise than a short one, already begin to fear that there is some truth in these predictions.

During this last winter I found myself in a rather peculiar position—a position I had never occupied before—of being under the necessity of endeavoring to calm the fears of the public respecting our growth and increase, they had such ideas
